## **[BUSINESS NAME] USING CLEANSTEPS<sup>SM</sup> WINDPOWER TO POWER THEIR BUSINESS**

[Corporate office] joins the growing sustainable business community, choosing emission-free wind energy as the next step in environmental stewardship

**[City, State]** – [Business Name] is pleased to announce that they have committed to purchasing [percentage]% wind energy credits to power their business, reducing the carbon footprint of the company and helping to cultivate a healthier community. This means that their customers can rest easy knowing that by supporting [Business Name], they are also supporting clean energy.

Wind energy is making a big difference in America. The wind energy that [business name] uses fosters the development of new wind energy and protects air quality.

[Include a paragraph about why your business chose to use wind power, written in the 3rd person].

In 2007, thousands of homes and hundreds of businesses purchased CleanSteps<sup>SM</sup> Windpower from Washington Gas Energy Services helped to prevent the harmful effects of traditional energy supplies.

The effects of their commitment are immense, and are a part of [Business Name]'s mission to foster a cleaner environment. By using wind energy, we are helping the environment, and also keeping the air clean, preventing the need for new, polluting fossil fuel power plants to meet growing energy needs.
